

## **R4123.3**

St. Louis Board of Education  
Personnel

Personnel Policies and Regulations

### **LACTATION SUPPORT**

For the convenience of district staff, students and the public and to support the care of children, the district will provide accommodations as required by law for lactation activities. For the purposes of this policy, "lactation activities" include expressing breast milk, breastfeeding a child or addressing other needs related to lactation. The district will provide employees and students a minimum of three opportunities during a school day, at intervals agreed upon by the district and the individual, to express breast milk or breastfeed a child for at least one year following the child's birth.

#### **Lactation Rooms**

In accordance with state law, the district allows breastfeeding or expressing breast milk, with discretion, in any public or private location where the person is otherwise authorized to be. To further accommodate lactation activities, the superintendent or designee will identify at least one room that is not a restroom in each school building to be used exclusively for lactation activities. The room will meet the requirements of state law.

#### **Employees**

Employees are encouraged to notify their supervisors in advance if they need accommodations for lactation activities. The supervisor will work with the employee to address arrangements and scheduling to ensure that the employee's duties are covered during the break time and minimize disruptions to the school day.

Providing breaks to classroom teachers and other employees who directly supervise students throughout the day is particularly challenging because students cannot be left unsupervised and student learning cannot be disrupted. The district expects these employees to be particularly flexible and, when possible, to use planning periods, lunch breaks, routine breaks in their class schedule or other free time to meet their lactation-related needs.

This policy does not entitle an employee to bring or keep an infant at work during times when the employee is required to be working.

#### **Students**

Lactating students should contact the counselor, who will make arrangements with the student to create a schedule that results in the least amount of missed class time. Students will be allowed to make up work missed due to lactation activities. If it is not possible to make up the missed work, the student will be provided an alternative assignment.

This policy does not entitle a student to bring an infant to school during the school day when the student is required to be in class.

## **Public**

Members of the public are allowed to engage in lactation activities while on district property and may use the district's designated lactation rooms to do so.
